78th Independence Day Celebration

Independence Day was celebrated on August 15, 2024, with great fervor across the school campus, which was beautifully adorned with tricolor decorations. The event witnessed enthusiastic participation from students, staff, and parents. It commenced with a solemn flag hoisting ceremony, followed by an inspiring address from our esteemed chief guest Air Marshal Azeez Javed. The festivities included a captivating nukkad natak street play and a meticulously choreographed drill performed by the students. The occasion was memorable, deepening. The sense of unity and respect for our nation among all attendees.

Painting Competition

On the occasion of Independence day, our school organized a series of art competitions centered around the theme of freedom for students from Grade 1 to 10.

These competitions aimed to foster a sense of patriotism, highlight the students' talent, and offer them a platform to express their profound love for the country. The competition was judged by Ms. Shalini and Ms. Roopa.

Rangoli Competition

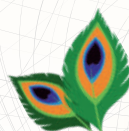

On August 14, 2024, our school organized a Rangoli competition for the teachers. This event aimed to cultivate creativity, teamwork, and an appreciation for cultural heritage among the teaching staff & non teaching staff. Teams were formed based on the houses, fostering a sense of camaraderie. The Competition proved to be a delightful and engaging occasion, uniting the teachers in a celebration of art and culture. It provided a refreshing respite from the usual routine, nurturing a spirit of collaboration and joy among the staff. The event was warmly embraced and added vibrant color to the school's cultural festivities.

Support Staff Day Celebration

On August 24, 2024, our school proudly commemorated Support Staff Day, expressing heartfelt gratitude for the dedicated individuals who ensure the seamless operation of our institution. The event featured a lavish celebration where students and faculty conveyed their appreciation through performances, speeches, and personalized gifts. The day was further enhanced by delectable treats for the support staff, creating a festive atmosphere that underscored their indispensable role. It was a memorable occasion that genuinely honored their tireless efforts and unwavering commitment to our school community.

Sri Krishna Janmashtami Celebration

On August 26, 2024, we celebrated Janmashtami with a vibrant display of cultural spirit and joy. Students dazzled in their colorful traditional attire and enthusiastically engaged in a variety of activities, including captivating dance performances and a reenactment of Krishna's childhood miracles. The highlight of the event was the spirited Dahi Handi, where high school students energetically participated in breaking the clay pot filled with treats, symbolizing Krishna's fondness for butter. This celebration was a delightful fusion of education, tradition, and enjoyment, uniting our school community in a meaningful and memorable way.

Teachers' Day Celebration

On September 5, 2024, Teachers' Day celebration was organized by students and school management. The event commenced with a lively cultural program featuring a variety of acts and dances performed by students, showcasing their talents and heartfelt appreciation for the educators. The Director and Principal addressed the gathering, underscoring the profound impact educators have on students' lives. They also participated in a felicitation ceremony, presenting gifts to the teachers as a gesture of gratitude. Students conveyed their admiration for their class teachers through touching messages and special performances, creating a joyful and memorable atmosphere that highlighted the crucial role of educators in shaping futures.

SCHOOL EVENTS

Teachers' Day Celebration

Blood donation camp

Our school organized a Blood Donation Camp in collaboration with Lions club of Bangalore as part of its community outreach and social responsibility initiative. The primary objective of the camp was to raise awareness about the vital importance of blood donation and to contribute to saving lives. Staff, parents, and members of the local community actively participated in the event. We extend our heartfelt gratitude to all the donors and volunteers whose contributions made the event a resounding success, and we look forward to organizing similar initiatives in the future.

On Sunday, August 25th, our Grade 1 dads exchanged their ties for aprons, stepping into the role of master chefs for the day! Our school hosted an engaging flameless cooking activity where fathers and children teamed up for a delightful culinary adventure. These Grade 1 dads demonstrated that cooking isn't solely a mother's domain, as they skillfully prepared healthy snacks and treats alongside their enthusiastic young chefs!

World Photography Day

On August 19, 2024, our school commemorated World Photography Day, celebrating the art of capturing moments with creativity and passion. Students showcased their finest photographs in a vibrant exhibition, highlighting their unique perspectives and storytelling abilities. The event featured an insightful presentation by professional photographers, who elaborated on photography techniques and engaged in discussions about the impact of visual storytelling. It was an inspiring day that underscored the power of images to connect us and convey compelling narratives .

Co-curricular Activities (CCA)

Grade 2-Advertisement Jingle

A delightful way to spread awareness! On August 20, Grade 2 students were tasked with creating their own advertisement jingles on topics that piqued their interest. The response was extraordinary, with numerous students presenting a variety of concepts and original jingles that highlighted significant issues. This activity allowed students to unleash their creativity and compose memorable tunes, showcasing their artistic flair while emphasizing important messages.

Co-curricular Activities (CCA)

Grade 3-RRR Activity

On August 19th, our Grade 3 students showcased their creativity and environmental awareness through an engaging "Best Out of Waste" initiative aptly named R.R.R(Reduce, Reuse, Recycle). Their imagination, innovation, and commitment to sustainability made a lasting impression on everyone. This activity served as an excellent platform to instill vital values for a greener future.

Co-curricular Activities (CCA).

Grade 4 & 5 - STEM Activity

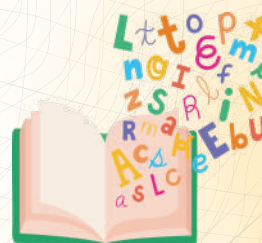

The school conducted a STEM (Science, Technology, Engineering, and Mathematics) activity aimed at inspiring curiosity and creativity among students. This initiative focused on applying theoretical knowledge to practical tasks, fostering hands-on learning in an enjoyable and collaborative environment.

Club Activity

Literacy Club

Consensus-building activities can significantly enhance students' understanding and appreciation of literature. A series of consensus-building activities were organized for students in Grades 6 to 10 during the Literary Club on August 8th and 9th, 2024. These activities promoted collaborative learning, critical thinking, and effective communication skills.

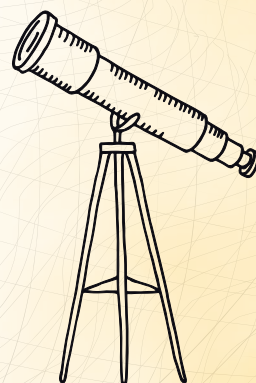

Club Activity

Astronomy Club

The Astronomy Club offers students a platform to explore space science, celestial phenomena, and the latest advancements in astronomy through a combination of educational sessions and hands-on activities. An engaging activity on the Phases of the Moon was organized for Grade 6 and 7 students on August 8th, followed by a session for Grades 8 to 10 on August 9th, 2024.

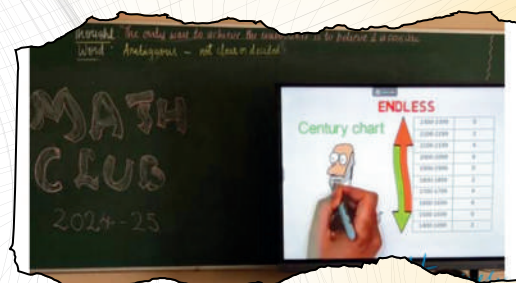

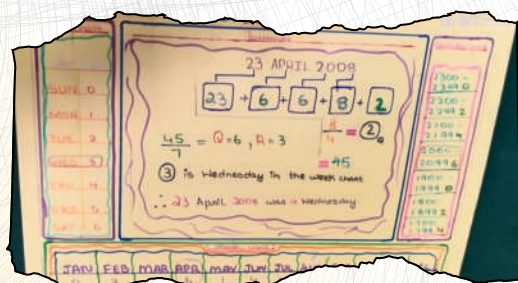

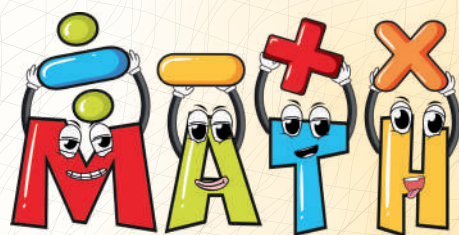

Club Activity

Math Club

On August 8, 2024, the Math Club hosted an activity centered around the theme "Day of the Date." This engaging session enhanced students' computational, calculating, and analytical skills. Participants took turns sharing significant dates from their annual calendars, applying their critical and logical thinking skills.

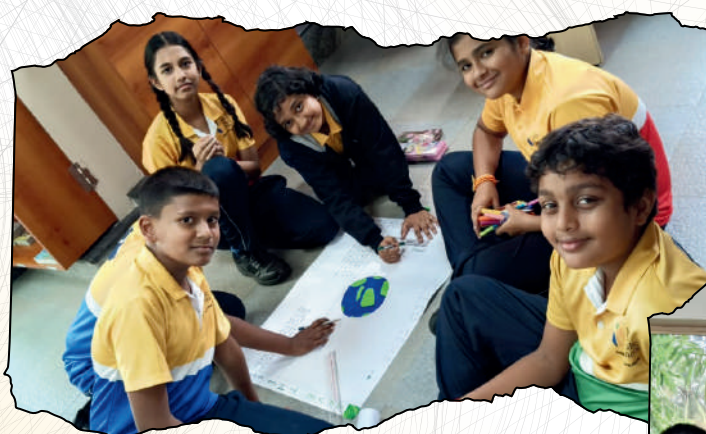

Club Activity

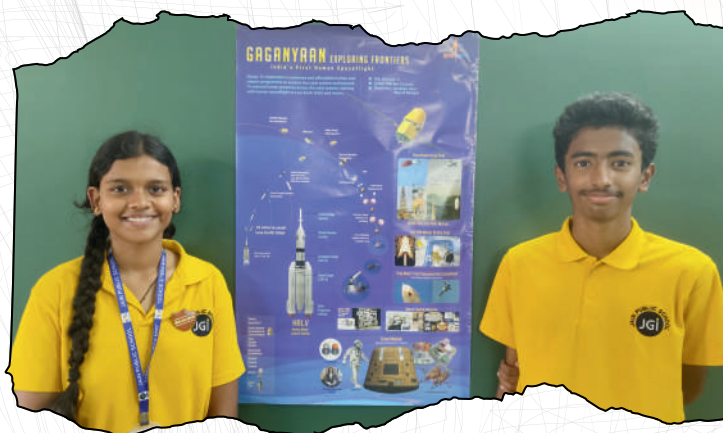

Eco Club

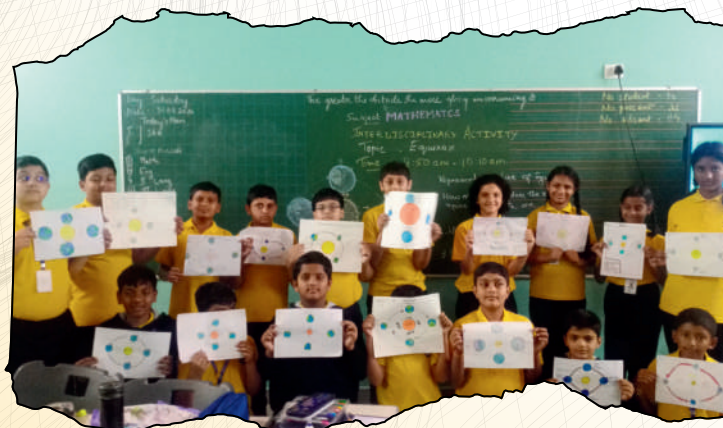

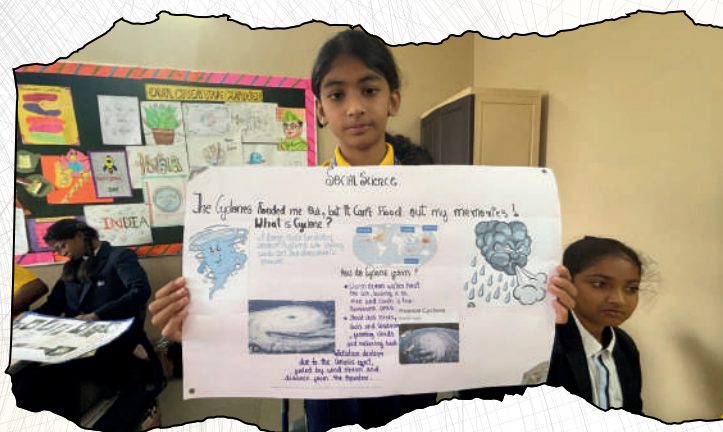

The ECO Club activity was designed to raise awareness about environmental issues and promote sustainable practices within the school and the wider community. A plantation drive was conducted for students in Grades 8 –10 on August 9, 2024. During their club period, the students visited “Herbal Park” in J P Nagar to plant saplings. Additionally, a Poster Making Activity under the Eco Club was held for students in Grades 6 and 7 on August 8, 2024.

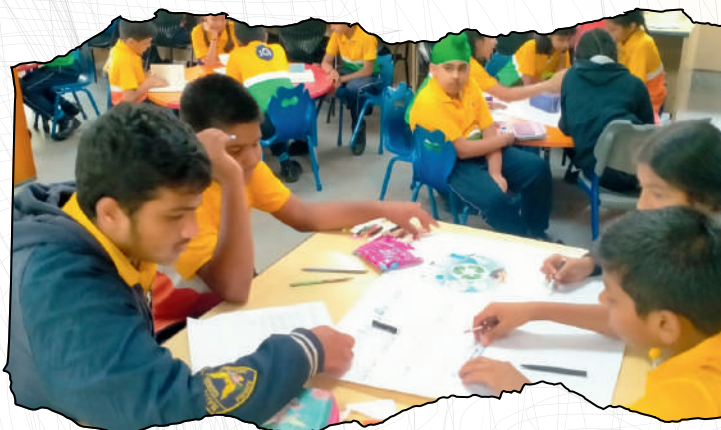

Interdisciplinary subject enrichment activity

The enrichment activity effectively engaged students with the topic of renewable energy, showcasing their enhanced understanding of various energy sources, along with their advantages and limitations, as well as the significance of sustainable practices. The collaborative aspect of the project also cultivated teamwork and communication skills among participants.

Library Activity

These library activities offered students enriching experiences that seamlessly blended group work with a fervor for reading. Through collaborative projects and engaging interactions with literature in innovative ways, students cultivated valuable skills that extend well beyond the classroom. As we continue to promote these initiatives, we eagerly anticipate the creativity and teamwork that will emerge from our future library endeavors.

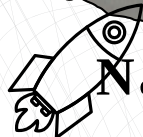

Grade-10 Parent-Teacher Meeting

The Grade 10 Parent-Teacher Meeting played an essential role in enriching the educational experience for students by promoting collaboration between parents and educators. The PTM not only supported academic achievement but also cultivated a robust community that prioritized the growth and well-being of all students.

Assembly Moments

Outdoor Events

Our school organized a Pottery Workshop for students as part of its hands-on learning and art enrichment . This workshop aimed to introduce students to the ancient craft of pottery, foster their creativity, and offer them a unique, tactile experience in the artistic process. The students thoroughly enjoyed the experience and expressed enthusiasm for participating in similar future activities.

Outdoor Events

I n t e r h o u s e c o m p e t i t i o n

On August 24, 2024, the highly anticipated Inter-House Cricket Competition took place, featuring enthusiastic participation from all four houses - Marengo, Copenhagen, Palomo, and Eclipse. The tournament aimed to cultivate team spirit, sportsmanship, and a healthy competitive atmosphere among students. It was a resounding success, with participants demonstrating exemplary teamwork, competitive fervor, and sportsmanship. The event stood as a testament to the school's commitment to promoting physical fitness, teamwork, and leadership through sports, leaving a lasting impression on both participants and spectators alike.

Outdoor Activity

Pre-Primary Field trip

Kindergarten Fieldtrip to Bus Depot

Jain Junior Fieldtrip to Science Lab

Jain Senior Fieldtrip to Tippu Summer palace

Outdoor Activity

Grade 1 & 2 Field trip to forum mall

On August 27th, our Grade 1 and 2 students embarked on an exciting field trip to the Forum Mall as part of their extended learning on "Table Manners." The young explorers visited the supermarket and various stores, immersing themselves in new sights and sounds while acquiring valuable real-world experiences.

Outdoor Activity

Grade 3

Field trip to Traffic Signal Park

Educating children about traffic rules and road safety from an early age equips them with a fundamental understanding of road safety, which is essential for their safety as pedestrians and future drivers.

Outdoor Activity

Grade 4,5,7

Field trip to Ice-cream Factory

On August 28th, the school organized a field trip to an ice cream factory for students in Grades 4, 5, and 7. The objective of this visit was to provide students with practical insights into the production, quality control, and distribution of one of their favorite treats-ice cream. The trip also aimed to familiarize students with the food manufacturing operations while underscoring the significance of hygiene and safety standards. To their delight, the visit concluded with a tasting session, allowing them to sample freshly made ice cream in a variety of delightful flavors.

Outdoor Activity

Grade 6 **Field trip to Central Library & Planetarium**

In August 2024, the school organized a field trip to the Jawaharlal Nehru Planetarium for Grade 6 students. This excursion offered a hands-on learning experience, enabling students to explore and appreciate the marvels of the universe.

The combination of captivating sky shows, interactive exhibits, and practical workshops rendered the visit both engaging and enlightening.

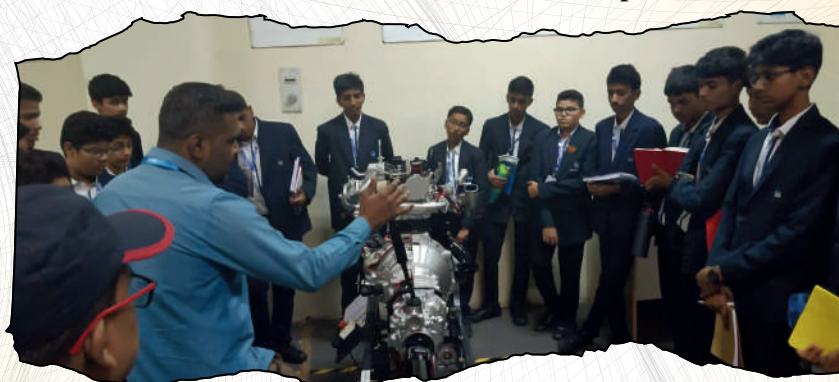

Outdoor Activity

Grade 8 9 & 10 **Field trip to Jain Engineering College**

On September 14, 2024, students from Grades 8, 9, and 10 visited Jain Engineering College. The primary objective of the field trip was to explore the campus and its facilities, familiarize themselves with the academic programs and research initiatives offered, and engage with faculty and current students to gain insights into engineering life.

The visit to Jain Engineering College proved to be an enriching experience, providing valuable perspectives on higher education. It underscored the university's commitment to academic excellence and holistic student development.
